Subject: RE: Incident location if you want it

Thanks, Adam. I don't think it matters since they should know which facility it is we're referring to. If it ever becomes an issue, we can always amend it.

On the NRC, the facility reported the city of La Porte. On the POLREP, I use La Porte. But the permit they have with TCEQ says Deer Park. Physically, it's probably Deer Park. Sorry that's not more concrete.
